Codes of conduct for external staff

Enter only one!
Keep distance!

Disinfect hands!

**Mask required
indoor!**

**Toilet & shower
open!**
**Use at your
own risk!**

Canteen closed!

Corona-CoVid 19

Code of conduct for external staff

A minimum distance of one metre between people must be maintained across the entire AVR GmbH premises.

Truck drivers may only enter the vestibule in front of the weighing office and the sanitary facilities for external staff.

The factory halls may ONLY be entered upon request by an AVR GmbH employee and only with a mouth and nose protection mask or visor!

The vestibule in front of the weighing office may only be entered individually. In the entrance area, oncoming people must be allowed sufficient distance.

When entering the vestibule for registration in the weighing office, hands must be disinfected immediately and unsolicitedly with the disinfectant provided.

Checks on the vehicle by the driver are only permitted in the yard outside the business premises.

During waiting times, the driver must remain in the driver's cab of his vehicle or in the direct vicinity of his vehicle.

The use of the sanitary facilities (toilets/shower) for external staff is at your own risk! Despite regular cleaning, the AVR GmbH cannot guarantee absolute sterility.

The canteen is closed for external staff until further notice.

Leaving the premises during waiting times must be discussed with the AVR employee at the weighing office.

We appreciate your understanding and strict adherence to these measures to protect your and our health!

Your AVR Team
